Richard & his team of hardworking men worked on my partner's property in Murarrie. We found them to be polite, friendly, efficient & very knowledgeable in relation to what our roof needed. I would whole heartedly recommend this company for these reasons as well as the fact that their work is of an extremely high quality! 11/10 for the job & we will use them again should we require any further roofing repairs, thanks again Richard!

First plus - A contractor who did not want to be paid until the job was done to my satisfaction - did not even ask for a deposit!! Shows that Richard is confident in his service and product - as he should be. Open and honest. Good communication and delivered what was promised. Ricky (the tradie) did an excellent job and went the extra mile to ensure that the job was to a high standard. Happy to recommend URB'n!!!

Richard and team are incredibly responsive, professional and friendly. They did a great job restoring and repainting our roof. They also fixed a leak. When we had a question a week after they'd finished, they sent someone out on a Sunday, free of charge to make sure everything was as they'd promised.

Richard arrived on time & carried out an inspection as we had some leaks & damaged tiles. The quote he presented covered everything from repairs to cleaning & painting. Rick who did the work was very courteous & friendly & kept us up to date on the entire job. The finished work is fantastic & looks great. We will have no hesitation with supplying their names to our friends & neighbours.

Richard turned up on time with good communication before and after. He wrote me a quote on the spot. Brandon did the work and, after a couple of false starts due to weather, got the job done on time and to high quality of finish. Great team. Will use them every time from now on.

We cannot be any happier with the job done. Very professional and courteous. Richard was fantastic to deal with and Brandon did an amazing job. Our roof looks brilliant. So happy we chose URB'n. Have no hesitation about recommending this amazing company. You will be guaranteed 100% satisfaction. Thanks again guys, you did yourself proud, James & Allyson

Richard & the team at URB'n Roofing were professional, well priced and replaced our roof quickly and easily. I had dealt with other tradesmen prior and Richard & the team exceed our expectations. I have since referred them onto our neighbors, family and friends. Thanks again!

Richard undertook inspection and provided a detailed quote to repair, seal and paint the roof. My wife and I were very comfortable with his clear and courteous approach. The job was delayed by intermittent weather but we were kept informed of expected work days. The final result is just what we wanted and undertaken professionally. I would recommend URB'n Roofing.

Finish was fantastic, many positive comments from neighbours. Richard and the team were great. Kept home owners fully informed, even with a slight delay due to the weather event that occurred, the roof was completed as expected and as close to ontime as possible. Great work, great service and great competitive price.
